

## OptimaSC Joins the Nuclear Industry Association

OptimaSC has joined the Nuclear Industry Association, the trade association for the civil nuclear industry in the UK. The NIA represents more than 250 companies across the supply chain.

Chris Lamb, OptimaSC Managing Director said, “We are already well known for our Systems Engineering expertise in the defence sector and our engineers have recent experience of leveraging this expertise to support the Civil Nuclear sector. We hope to realise the benefits that membership of the NIA offers to continue to expand our expertise to the Civil Nuclear sector”.
